14th October 2024

Dear Parents/Carers

Following our parent coffee morning in school and the first Parent Teacher Community meeting, I would like to create a system for you to share your child's achievements outside of school with us. We know many of our children take part in a wide variety of sporting or cultural events/hobbies and we would love to be able to join in with celebrating if your child got a player of the match award, passed a dancing exam or took part in a performance (to name but a few things). If you would like to share this information with some detail and a picture, we would be more than happy to celebrate on our own social media channels. To do this please send the information to: karen.reay@rrma.org.uk.

We look forward to receiving lots of our students' achievements outside of school.

Yours sincerely

Richard McGuire
Principal
