The best in everyone™

Part of United Learning

RR/KRE

19th January 2024

Dear Parent/Carer

It's never too early to start exploring your options after you finish year 11, and to start gathering information about future progression routes.

If you would like to explore a range of options in one place, the Skills Fair will give you the opportunity to find out more about apprenticeship opportunities with local employers and further education courses.

Carlisle Skills Fair provides an opportunity for you to find out more about local employment and training opportunities. Employer representation at the event will cover a range of occupational sectors including engineering, manufacturing, health and beauty, construction, logistics, business administration, food and drink, tourism, financial services and uniformed services. Information and advice will also be available on Further and Higher Education options.

The event is open to all, you can drop in at any time and there is no need to book.

If you have any questions about the event, please get in touch.

Yours sincerely

Rachel Robinson
