Dear Parent/Carer

Following the November mock results, targeted intervention sessions have been updated for Year 11 students to support them with their GCSE studies. This will provide the students with significantly more learning time to help them improve their outcomes enabling them to successfully move on to further education.

Students have been specifically targeted by their class teachers, you can see the sessions they have been selected for on their Arbor timetable, by moving the date to next week. Hard copies of their timetables will also be printed and given to the students on Monday. If students would like to attend an intervention session they have not been selected for, they may still attend and the teacher will record their attendance on the register.

The master timetable can be seen below:
