Dear Parent/Carer

PET-Xi - GCSE Grade 5+

In preparation for the next set of mock exams in November, we will be providing additional maths workshops to give some of our year 11 students a boost with their maths revision. As your child did not achieve a grade 5 or better in their last maths mock exam they have been selected for this opportunity. We believe with the correct amount of studying and revision they can be successful in achieving at least a grade 5.

On Friday 20th October, there will be a fun welcome session with a team from a company called PET Xi, followed by workshops during the half term holiday on **Monday 23rd** and **Tuesday 24th** October 2023, 9.00am to 2.30pm. Students must be present for both sessions.

A sandwich lunch will be provided on these 2 days, Monday 23rd and Tuesday 24th October. They may need to bring extra snacks and drinks.

The PET Xi team are an external company who specialise in fun and motivating sessions which complement the lessons in the academy. It is an expensive resource, so it is important that you confirm your child's place using the reply slip below. If for any reason your child is unable to take part in this opportunity, please let us know as soon as possible so that the place can be offered to another child.

If you have any questions, please contact me at the academy.

Yours sincerely

Lisa Bewley
Vice Principal

Please return this confirmation slip to Lisa Bewley by 29th September 2023

I can confirm my child: _____ will be attending the PET Xi revision workshops during half term on Monday 23rd and Tuesday 24th October 2023.
