

Morton Academy

The best in everyone™

Part of United Learning

RMCG/KRE

20th November 2023

Dear Parents/Carers

For the next few weeks, we will be making a small adaptation to the drinks available at break and lunch. We will not be selling bottled water to students due to a significant rise in litter across the academy site. Students will still be able to access free water from our water cooler dispensers and all students have been given a Morton Academy Water Bottle. The canteen will still have a variety of fruit juices and other drinks available for students. For the meal deal, students will receive a carton of fruit juice instead of water at the same prices as the current deals.

Please do get in touch if you have any questions regarding this.

Yours sincerely

Richard McGuire
Principal
