26th August 2021

Dear Parents/Carers

Lateral Flow Testing

We hope you have all enjoyed the Summer holidays.

As we approach the return of students to the academy, we wanted to confirm the arrangements for the lateral flow testing:

- *Year 7 and 11 students will attend the academy on Thursday 2nd September 2021 for their Lateral Flow Test. Appointment times will be sent via text message next week. Students will then go home following their test and return to school from Friday 3rd September 2021.*
- *Year 8, 9 and 10 students will attend the academy on Friday 3rd September for their Lateral Flow Test. Appointment times will be sent via text message next week. Students will then go home following their test and return to school from Monday 6th September 2021.*

How you can help

It would be very helpful if we could have volunteers from our parent community to help manage and supervise our testing area alongside staff. You will also not have to administer tests on students. If you could be available to volunteer support for either of the days, we would very much appreciate it. Please email Karen.Reay@rrma.org.uk if you can help.

Lateral Flow Testing Consent

We require parents to give their consent for the lateral flow testing to take place. To do so, please click on this link and complete the questions: [Consent Form](#).

We are looking forward to seeing all our students returning to school next week.

Yours sincerely

Richard McGuire
Executive Principal
