LB/KRE

20th October 2026

Dear Parents/Carers,

Year 11 Mock Examinations

As the mock examinations begin immediately after half-term, I would like to share some important information to support students prepare as smoothly as possible.

The mock examinations will begin on Monday 2nd November 2026. Throughout this period, students should arrive by 08:00 to allow sufficient time to prepare and receive important pre-examination guidance. Students should enter through the front entrance, where I will be available to welcome them from 07:50. To support students each morning, water and toast will be available. We want students to arrive well prepared, hydrated and ready to perform to the best of their ability.

Students should now be following their personal revision plans. In addition, a programme of half-term intervention sessions is available to provide further subject-specific support. The timetable for these sessions is included. Students attending intervention sessions must arrive promptly, as reception will not be staffed during half-term. Teachers will meet and admit students before the start of each session.

The mock examination timetable is also included. Students have received their own personalised timetable, which provides details of their individual examinations, including option subjects and seat numbers. Students should check this carefully.

The mock examinations are an important milestone for Year 11. The results provide a clear indication of students' current performance and allow teachers to identify any remaining gaps in knowledge and understanding ahead of the formal GCSE examinations. Mock examination results may also form part of students' applications to further education destinations. It is therefore essential that every student approaches this seriously, prepares thoroughly and gives their very best effort.

Attendance throughout the mock examination period is particularly important, and 100% attendance is expected. Mock examinations are conducted under formal examination conditions and provide students with valuable experience of the expectations they will face in their final GCSE examinations.

Yours sincerely

Lisa Bewley
Vice Principal
