30th July 2026

Dear Parent/Carer

Equipment Bundles

To support students arriving every day fully equipped for learning, equipment bundles are now available to purchase through ParentPay for just £2.00. These equipment bundles contain the basic minimum equipment that every student is expected to bring daily:

- Multi-Coloured Pen (Blue, Black and Green)
- Pencil
- Pencil Sharpener
- Rubber
- Ruler
- Whiteboard Pen
- Pencil Case

Having the necessary equipment is one of the simplest, yet most important, ways that students can prepare themselves for success. Students who arrive fully equipped can engage with learning immediately and develop greater independence and responsibility. On the flip side, the time spent borrowing equipment or waiting for resources to be provided can reduce learning time and impact the learning of others.

The equipment abovementioned represents the minimum standard of what is expected. The equipment bundles have been carefully put together to provide excellent value. Once purchased, students will be provided these from Thursday 3rd September 2026.

We would be grateful for your support in ensuring that your child has the necessary equipment every day.

Yours sincerely

Mike McClelland
